If you are sending us photographic prints or negatives please label them up clearly in the monthly sequence you wish them to follow. If you are sending us a CD containing digital pictures the files must be renamed in this fashion - **January - February - March - April** etc. Please give any special instructions you may have in the space available. Don't forget to include your photographs. We recommend that you always use a recorded form of delivery when sending valued pictures. Mail to the address at the top of this form marked "Calendar". Thank you.
